## MAKING A PAYMENT

You make payments to others by way of email addresses.

The address to pay AIHC is:

When making a payment, the AIHC account is in Euros; however, you can insert any currency and it will convert to Euros. Be sure that the amount you pay, is correct in Euro value. For example: \$100 US is NOT 100 Euro. It is only about 88 Euro. Please bear this in mind.

Enter your **name and details** of payment in the section provided.

Once you have sent the payment, you will receive a confirmation that you have paid.

The Alliance treasurer will pick up your payment with your details.

**For all payment methods**, an email to alert the treasurer (or your Captain) would be appreciated, giving your name, team, and what the payment refers to.

\* The sender is charged a small transaction fee by PayPal when a currency conversion is involved. This fee will be displayed upon making the relevant payment. Payments are free when no currency conversion is involved. When making payments to Alliance use the 'sending to a friend' option (**not** 'paying for a service'), and remember to absorb the fee yourself, by paying a little extra.

**Regardless of the payment method you choose to use, please make sure that any service charges and /or transaction fees are charged to you and not to alliance!**

**Thank you !**
